CITY OF PACIFIC

ORDINANCE NO. 1795

AN ORDINANCE OF THE CITY OF PACIFIC, WASHINGTON AMENDING PACIFIC MUNICIPAL CODE TITLE 20 ADDING A NEW CHAPTER 20.50 NC – NEIGHBORHOOD CENTER OVERLAY DISTRICT

WHEREAS, it would be in the interest of efficiency and effectiveness for the City of Pacific to make certain amendments to Pacific Municipal Code (PMC) adding Chapter 20.50 including new Subsections 20.50.010; 20.50.020; 20.50.030; 20.50.040; 20.50.050; 20.50.060; 20.50.070; 20.50.080; and 20.50.090

NOW, THEREFORE, THE CITY COUNCIL OF PACIFIC, WASHINGTON, DOES ORDAIN AS FOLLOWS

(repealed language is noted by strike through and new language is in bold)

Section 1. Pacific Municipal Code Title 20 Zoning is amended by adding the following:

20.50.010 Description and purpose.
The Neighborhood Center Overlay District is intended to implement the Pacific Comprehensive Plan by promoting mixed use development on properties fronting either 3rd Avenue S or Milwaukee Boulevard S within 800 feet of the intersection of those two streets. The adoption of the NC District regulations is intended to lead to a gradual transition of the area from its predominately single family residential to a “main street” with commercial and other non residential uses gradually added in. The uses that are non-single family uses permitted outright would be limited in size and height to remain compatible with the surrounding single family. Likewise the non-single family uses would tend to serve the everyday needs of the surrounding residents. Developments that would be in excess of the basic limitations of the NC District would be subject to the Conditional Use Permit process, with special criteria that must be met to assure that the proposed use is compatible with the surrounding area. As an overlay district, the NC District would not replace or eliminate the underlying zoning. Existing developments and uses would be regulated by the existing zoning; no new nonconforming uses would be created and no nonconformities would result from the adoption of the NC Neighborhood Overlay District. Property owners within the overlay district would have the option of developing under the regulations of the NC district if the proposed use is permitted either outright or as a conditional use by the NC Overlay District

20.50.020 Permitted buildings and uses.
In the NC district, the following buildings and uses are permitted as hereinafter specifically provided for by this chapter, subject to the general provisions and exceptions set forth in this chapter and regulations set forth in Chapters 20.01, 20.68, 20.70 and 20.72 PMC. In addition, building mounted (wall) signs identifying a commercial establishment within a mixed use building with residential uses above the first story, shall not extend above the bottom of the lowest window ledge of the residential units.

20.50.090 Other required conditions.
The following additional conditions shall apply in a NC district.

B. All sites having a common boundary line with a residential classified property shall have erected and maintained a view-obscuring wall, fence, or coniferous hedge not less than five feet, nor more than six feet, in height for screening purposes and controlling access. Where the wall of a building is on such common property line, no separate wall or fence need be installed along that portion of the boundary occupied by the building. Public utility installations need only fence and screen, with appropriate materials such as base plantings of coniferous shrubs or trees and climbing coniferous plant materials on the fences to minimize the commercial character of such installation, with the area surrounding the fenced and screened enclosure landscaped and planted to create a park like atmosphere.
C. All sites and activities in the NC district shall comply with Chapter 20.70 PMC Landscaping.
